

WILL YOU DONATE TO HELP SAVE A LIFE...?

There is a proposal to provide a defibrillator at the Breeze Filling Station and *Holmer Green Today*, the Village magazine, will be making a substantial donation.

However, this will be insufficient to purchase, install and maintain this potential life saving equipment and we hope that Villagers will consider making a donation - £2.00 per person would help considerably, £5.00 even more!

Are you willing to help? If so, please advise the Parish Clerks.

Their address and contact details are:
